To Whom It May Concern,

It has been a pleasure and we wish to express our long term commitment and loyalty to H2Gold Plumbing for over the past 6 years, who have been a reliable and team orientated company to work alongside.

H2Gold Plumbing display strong work ethics and the administration staff are very courteous and prompt on arranging appointments and completion of work.

Personally, I have had H2Gold install the Envirocycle 10NR system at our own home, amongst numerous spec homes with general plumbing installations, and have been impressed with the efficiency, competitive pricing and ongoing support of all the team.

We are sure our ongoing relationship with Jamie and Sonia will be just as pleasurable, as in the past, and highly recommend their services to anyone requiring general plumbing and sewerage system installations.
